Mask User Instructions

Using Instructions

Clean your hands before and after putting on or removing the masks; avoid touching the surfaces of the masks.

Ensure the side with the logo label face outwards; secure the loops around both ears.

Extend the masks to fully cover nose, mouth and chin.

Wash after each day use; allow to dry completely.

Wash Instruction

Wash separately.

Gentle hand wash: soak in lukewarm water (up to 40° C) with gentle detergent or soap for 30 minutes; rinse with clean water; do not rub; brush or wring.

Do not use antiseptic detergents or bleach; do not dry clean.

Drip dry; do not tumble dry; may iron at low temperature.
